

Testimonials & Endorsements -- Chiapelli's Live Poker Strategies

"Working on this book project with my father gave us both an opportunity to work together as peers, to fuse our talents and interests together into one cohesive project. My father's instructional style really resonates with my practical mind."

"After reading Mr. Chips' latest book, I felt he spoke in a realistic, yet down-to-earth manner. I also like Larry's stories, when he originally started playing poker on a Seven-Card Stud game."

--- **Scott Yaldao**, Poker Room Manager, Greektown Casino – Detroit, Michigan

"Larry's book, Chiapelli's Live Poker Strategies, is a pleasure to read. Larry covers topics for all levels of poker playing and touches on a good variety of them. The wording in the book is precise and direct; it is more than informative."
